5 Questions to Ask any SEO Company

1. What kind of results should you be able to see and how long will it take to get there?

2. What experience do you have in my industry and how long have you been doing this?

3. Show / send me examples of your previous work and success stories. Can I contact some of these people?

4. Do you follow the Google Webmaster Guidelines?

5. What other marketing services do you offer besides SEO?
